

Aches and Pains Smart Salve™

Aches and Pains Smart Salve™ moisturizing stick was specifically formulated to help with muscle fatigue and soreness from over used muscles. We discovered however, it has many other uses. From sunburned skin to insect bites, Smart Salve™ provides relief safely, gently and effectively without any side effects.

Excessive inflammatory conditions can deplete anti-oxidant reserves and over-tax the body's own healing system. This can delay recovery and tissue repair. Aches and Pains Smart Salve™ provides a blend of powerful organic botanicals and herbs to nutritionally support healthy recovery.

Aches and Pains Smart Salve™ is a topical non-steroidal anti-inflammatory which contains no harmful preservatives, petroleum's, or synthetic ingredients.

Benefits

- Soothes sunburned skin.
- May be applied on skin for minor burns, wounds, and bruises.
- Calms skin irritation from insect bites.
- May help in the reduction of red, swollen and blistered skin due to common allergens like synthetic preservatives, fragrances, poison ivy and poison oak.
- Relieves tired and sore feet.

Key ingredients

Chamomile German Variety (Matricaria Chamomilla) Excellent for dry sensitive and allergic skin. Chamomile contains a natural antihistamine azulene, that blocks itching, swelling, and redness triggered by allergies and insect bites. Also contains anti-inflammatory flavonoids apigenin, quercetin and luteolin that relieve irritation.

Avocado Oil (Persea Americana) contains unsaponifiables (sterolins) which are beneficial in reducing age spots, healing scars and moisturizing the upper layers of the epidermis. Contains more than 20% essential unsaturated natural fatty acids, vitamins a, c, d and e, proteins, beta-carotene, lecithin, and potassium.

Eucalyptus (Eucalyptus Globulus) Effective against bacteria especially staphylococci.

Directions for use

When using on muscles, apply before and after exercise to relieve soreness. Let absorb fully into skin. Repeat as needed. Application may last up to 4 hours. Store away from direct sunlight and heat. Not recommended for children under 2 years of age. **If pregnant or breast feeding, ask a health professional before use.** We also recommend not using in combination with other similar products, or those containing perfumes, fragrances or analgesics.

Respiratory Freedom™ Relief Salve

A natural moisturizing stick salve used to relieve sinus pressure, nasal and chest congestion due to everyday environmental allergens like synthetic fragrances, dust and pollen. Also helps relieve symptoms from the common cold including post nasal drip, cough and neck stiffness.

Benefits

- Helps relieve congestion.
- Allows for relaxed breathing.
- Formulated with a blend of organic herbs and essential oils, providing the skin with a gentle moisturizing treatment as soreness is relieved.

- Won't cause drowsiness.
- Great for both day or night use.
- Ideal for air travel.

Key ingredients

Lemongrass (Cymbopogon Flexuosus) Grown wild in Malaysia and cultivated in the West Indies, Brazil and other tropical climates. Is known as a mild insect repellent, helps promote perspiration to cool the body and can be used as a mask for disagreeable odors.

Tea Tree Oil (Melaleuca Alternifolia) Used as a natural preservative with antiseptic and germicidal properties. Can be used to reduce histamine-induced skin inflammation.

White Birch (Betula Alba) Used as an antiseptic, soothes the skin of irritation and encourages the elimination of impurities. Can be used to control dull and congested skin, and other skin conditions.

White Camphor (Cinnamomum Camphora) Traditionally used in China, Sri Lanka and Madagascar. Camphor has slightly antiseptic properties. A proven skin soothing agent. Excellent for use on sore and aching muscles.

Directions for use

Apply to area of discomfort: chest, outside nasal passages, temples, throat, or back of neck. Repeat as needed. Application may last up to 4 hours. For topical use only. Store away from direct sunlight and heat. Not recommended for children under 2 years of age. **If pregnant or breast feeding, ask a health professional before use.**
